

Amended and Restated
Rules and Regulations
Golden Vista RV Resort
Association, Inc.
Amendment # 5

The Board of Directors has reviewed and approved, on 1-22-08, 2008, the following Amendment to the Rules and Regulations (Revised March 19, 2002).

1. Part 2, Para. 2.2 (added) No Common areas and facilities are to be altered by individuals, groups or committees which have principle use of an area/facility, unless a permit is obtained in the ARC office and signed by the Manager. This is especially critical where utilities are involved. Any damage caused by such unauthorized alterations will be at the responsible party's risk and they will bear full restitution costs.

2. Part 12, Para. 12.4 (added) In the interest of desert water conservation, no cars, trucks, vans or SUV's are to be washed in the park, RV's (motor homes, park models and trailers) used as living facilities, may be washed only once per year. Patios and car ports may be hosed off only once per month. It is critical that each member/guest conserve water. Water shortages and rising costs make these steps necessary

Approved: Nevy Nelson 1/22/08
President, Board of Directors

Revised March 19, 2002
